(unaudited)

NOTE 1 — DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Organization and General:

Stellar Acquisition III Inc. (the “Company”) was incorporated pursuant to the laws of the Republic of the Marshall Islands on December 8, 2015. The Company was formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses (the “Business Combination”). The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended, or the “Securities Act,” as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”).

At August 31, 2017, the Company had not commenced any operations. All activity for the period from December 8, 2015 (inception) through August 31, 2017 relates to the Company’s formation and the initial public offering (“Public Offering”) described below and since August 24, 2016 a search for a target business with which to complete a Business Combination. The Company will not generate any operating revenues until after completion of a Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income on cash and cash equivalents from the proceeds derived from the Public Offering. The Company has selected November 30th as its fiscal year end.

Going Concern

Following the Company’s announcement on August 24, 2017, regarding the first extension, the Company has until November 23, 2017 to consummate a Business Combination, however, the Company may extend the period of time to consummate a Business Combination up to two more times, each by an additional three months (for a total of up to 21 months or until May 23, 2018 to complete a Business Combination). The Company’s Sponsors or their affiliates or designees have the option, but not the obligation, to extend the time to consummate a Business Combination. The Sponsors or their affiliates or designees, upon five days advance notice prior to the applicable deadline, must deposit into the Trust Account \$402,536 (\$0.058 per unit), up to an aggregate of \$1,207,607 (\$0.175 per unit), the “Extension Funds”) on or prior to the date of the applicable deadline, for each three month extension.

As of the date of the issuance of these financial statements, the Company’s Sponsors intend to utilize these extensions, as and if necessary, in order to extend the period in which the Company has to complete a Business Combination.

The mandatory liquidation and subsequent dissolution raises substantial doubt about the Company’s ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after May 23, 2018.

Sponsors and Public Financing:

The Company’s sponsors are Astra Maritime Inc. and Dominion Investments Inc., affiliated with the Company’s Chairman and co-Chief Executive Officer, and Magellan Investments Corp. and Firmus Investments Inc., affiliated with our co-Chief Executive Officer and Chief Financial Officer. All four companies were incorporated pursuant to the laws of the Republic of the Marshall Islands (the “Sponsors”). The registration statement (the “Registration Statement”) for the Public Offering (as described in Note 3) was declared effective by the United States Securities and Exchange Commission (the “SEC”) on August 18, 2016. The Company intends to finance a Business Combination with the net proceeds from the \$69,006,100 raised in the Public Offering (Note 3) and the \$3,985,244 private placement in each case including the partial exercise of the underwriter’s overallotment option. Upon the closing of the Public Offering and the private placement, \$70,386,222 was deposited in a trust account with Continental Stock Transfer and Trust Company acting as trustee (the “Trust Account”) as discussed below. On August 23, 2017, the period of time the Company has to consummate a business combination was extended by three months to November 23, 2017, by increasing the minimum amount in the Trust Account by \$402,536, pursuant to the Company’s prospectus in connection with the Company’s initial public offering.

Stellar Acquisition III Inc.
Notes to Condensed Interim Financial Statements
(unaudited)

The Trust Account:

The Trust Account will be invested only in U.S. government treasury bills with a maturity of one hundred and eighty (180) days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940 which invest only in direct U.S. government obligations. Funds will remain in the Trust Account until the earlier of (i) the consummation of its initial Business Combination or (ii) the distribution of the Trust Account as described below. The remaining proceeds outside the Trust Account may be used to pay for business, legal and accounting due diligence expenses for prospective acquisition targets and continuing general and administrative expenses. The proceeds held from the Public Offering were used to invest in U.S. government treasury bills with a maturity of one hundred and eighty (180) days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940 which invest only in direct U.S. government obligations during September 2016. At November 30, 2016, the Trust Account consisted of cash and U.S. Treasury Bills yielding interest of approximately 0.4% per annum, with a value of \$70,442,615. At August 31, 2017, the Trust Account consisted of cash and U.S. Treasury Bills yielding interest of approximately 1% per annum, with a value of \$70,834,681, including the additional \$402,536 related to the first extension.

The Company's amended and restated articles of incorporation provides that, other than the withdrawal of interest to pay taxes, if any, or working capital expenses, none of the funds held in the Trust Account will be released until the earlier of: (i) the completion of the Business Combination; or (ii) the redemption of 100% of the shares of common stock included in the Units being sold in the Public Offering if the Company is unable to complete a Business Combination by November 23, 2017, given the first extension (or by May 23, 2018 if the Company extends the period of time to consummate a Business Combination, in accordance with the terms of the Company's charter) (subject to the requirements of law). On March 17, 2017, May 16, 2017 and August 29, 2017, the Company withdrew \$55,000, \$165,000 and \$60,000 of interest earned from the Trust Account to pay for working capital expenses, respectively. Additionally, \$99,236 of interest was used for the first extension on August 23, 2017.

Business Combination:

The Company's management has broad discretion with respect to the specific application of the net proceeds of the Public Offering, although it initially intends to focus its efforts within the international energy logistics industry. Substantially all of the net proceeds of the Public Offering and the private placement are intended to be generally applied toward consummating a Business Combination with (or acquisition of) a Target Business. As used herein, "Target Business" means one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (less any deferred underwriting commissions and taxes payable on interest earned) at the time of the Company signing a definitive agreement in connection with the Business Combination. There is no assurance that the Company will be able to successfully effect a Business Combination.

The Company, after signing a definitive agreement for a Business Combination, will either (i) seek stockholder approval of the Business Combination at a meeting called for such purpose in connection with which shareholders may seek to redeem their shares, regardless of whether they vote for or against the Business Combination, for cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account as of two business days prior to the consummation of the initial Business Combination, including interest but less taxes payable or amounts released to the Company for working capital, or (ii) provide shareholders with the opportunity to sell their shares to the Company by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account as of two business days prior to commencement of the tender offer, including interest but less taxes payable or amounts released to the Company for working capital. The decision as to whether the Company will seek stockholder approval of the Business Combination or will allow shareholders to redeem their shares in a tender offer will be made by the Company, solely in its discretion, and will be based on a variety of factors such as whether the Company is a foreign private issuer, the timing of the transaction and whether the terms of the transaction would otherwise require the Company to seek stockholder approval unless a vote is required by NASDAQ rules. If the Company seeks stockholder approval, it will complete its Business Combination only if a majority of the outstanding shares of common stock voted are voted in favor of the Business Combination. However, in no event will the Company redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001 upon consummation of the initial Business Combination. In such case, the Company would not proceed with the redemption of its public shares and the related Business Combination, and instead may search for an alternate Business Combination.

Stellar Acquisition III Inc.
Notes to Condensed Interim Financial Statements
(unaudited)

If the Company holds a stockholder vote or there is a tender offer for shares in connection with a Business Combination, a public stockholder will have the right to redeem its shares for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account as of two business days prior to the consummation of the initial Business Combination, including interest but less taxes payable or amounts released to the Company for working capital purposes. As a result, such shares of common stock have been recorded at redemption amount and classified as temporary equity upon the completion of the Public Offering, in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) 480, “Distinguishing Liabilities from Equity.” The amount in the Trust Account is initially \$10.20 per public common share (\$70,386,222 held in the Trust Account divided by 6,900,610 public common shares), subject to increase of up to an additional \$0.175 per unit in the event that the Sponsors elect to extend the period of time to consummate a Business Combination, as described in more detail below. Following the first extension, the minimum amount in the Trust Account is approximately \$10.26 per public common share (\$70,788,758 held in the Trust Account divided by 6,900,610 public common shares).

Following the first extension the Company has until November 23, 2017 to consummate a Business Combination. However, if the Company anticipates that it may not be able to consummate a Business Combination by then, the Company may extend the period of time to consummate a Business Combination up to two times, each by an additional three months (for a total of up to 21 months, or by May 23, 2018, to complete a Business Combination). Pursuant to the terms of our amended and restated articles of incorporation and the trust agreement entered into between us and Continental Stock Transfer & Trust Company on August 18, 2016, and following the partial exercise of the underwriters’ overallotment option on September 28, 2016 in order to extend the time available for us to consummate our initial Business Combination, our Sponsors or their affiliates or designees, upon five days advance notice prior to the applicable deadline, must deposit into the Trust Account \$402,536 (or \$0.058 per unit), up to an aggregate of \$1,207,607 (or \$0.175 per unit), on or prior to the date of the applicable deadline, for each three month extension. Our Sponsors and their affiliates or designees are not obligated to fund the Trust Account to extend the time for us to complete our initial Business Combination. To the extent that some, but not all, of our Sponsors, decide to extend the period of time to consummate our initial Business Combinations, such Sponsors (or their affiliates or designees) may deposit the entire \$402,536 amount. In the event that interest in the trust is available for withdrawal for working capital purposes and has not been used to pay taxes or other working capital expenses, the Company may apply the accrued interest in the Trust Account or such withdrawn interest to the Sponsors’ obligation to loan the Company money in connection with an extension, and the amount that the Sponsors would be obligated to loan the Company in connection with such extension would be reduced by the amount of interest so applied. If the Company does not complete a Business Combination within this period of time, it shall (i) cease all operations except for the purposes of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the public shares of common stock for a per share pro rata portion of the Trust Account, including interest, but less taxes payable or amounts released to the Company for working capital (less up to \$50,000 of such net interest to pay dissolution expenses) and (iii) as promptly as possible following such redemption, dissolve and liquidate the balance of the Company’s net assets to its remaining shareholders, as part of its plan of dissolution and liquidation. The initial shareholders have entered into letter agreements with the Company, pursuant to which they have waived their rights to participate in any redemption with respect to their founder shares; however, if the initial shareholders or any of the Company’s officers, directors or affiliates acquire shares of common stock in or after the Public Offering, they will be entitled to a pro rata share of the Trust Account upon the Company’s redemption or liquidation with respect to such shares in the event the Company does not complete a Business Combination within the required time period.

In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the initial public offering price per Unit in the Public Offering.

Stellar Acquisition III Inc.
Notes to Condensed Interim Financial Statements
(unaudited)

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation:

The accompanying unaudited interim financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“GAAP”) for interim information and in accordance with the instructions to Form 10-Q and Article 8 and Article 10 of Regulation S-X. Accordingly, since they are interim statements, the accompanying financial statements do not include all of the information and notes required by GAAP for a complete financial statement presentation. In the opinion of management, the interim financial statements reflect all adjustments (consisting of normal, recurring adjustments) that are necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods presented. Interim results are not necessarily indicative of results for a full year and pursuant to the rules and regulations of the SEC.

Emerging Growth Company:

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

Net Loss per Ordinary Share

Net loss per common share is computed by dividing net loss applicable to common stockholders by the weighted average number of shares of common stock outstanding, ineligible for redemption, during the period, plus to the extent dilutive, the incremental number of shares of common stock to settle warrants, as calculated using the treasury stock method. At August 31, 2017, the Company had outstanding warrants to purchase 14,871,098 shares of common stock. For all periods presented, these shares were excluded from the calculation of diluted loss per share of common stock because their inclusion would have been antidilutive. As a result, diluted loss per common share is the same as basic loss per common share for the period.

Concentration of Credit Risk:

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution in Cyprus, which has no deposit insurance. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Fair Value of Financial Instruments:

The fair value of the Company’s assets and liabilities, which qualify as financial instruments under FASB ASC 820, “Fair Value Measurements and Disclosures,” approximates the carrying amounts represented in the balance sheet.

Stellar Acquisition III Inc.
Notes to Condensed Interim Financial Statements
(unaudited)

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Cash and securities held in Trust Account:

At August 31, 2017 and November 30, 2016, the assets held in the Trust Account were comprised of cash and U.S. Treasury Bills. On March 17, 2017, May 16, 2017 and August 29, 2017, the Company withdrew \$55,000, \$165,000 and \$60,000 of interest earned from the Trust Account to pay for working capital expenses, respectively. Additionally, \$99,236 of interest was used for the first extension on August 23, 2017.

Income Taxes:

There is, at present, no direct taxation in the Marshall Islands and interest, dividends, and gains payable to the Company are received free of all Marshall Islands taxes. The Company is registered as an "exempted company" pursuant to the Marshall Islands Business Corporations Act (as amended). As the Company proceeds with making investments in various jurisdictions, tax considerations outside the Marshall Islands may arise. Although the Company intends to pursue tax-efficient investments, it may be subject to income tax, withholding tax, capital gains tax, and other taxes imposed by tax authorities in other jurisdictions. For U.S. tax purposes, the Company expects to be treated as a passive foreign investment company by its U.S. shareholders. The Company does not expect to be subject to direct taxation based on net income in the U.S. as long as it maintains its non-U.S. trade or business status. The Company does not expect to invest in any U.S. obligation that will be subject to U.S. withholding taxes.

The Company follows the provisions of ASC 740-10 which prescribes a recognition threshold and measurement attribute for how a company should recognize, measure, present and disclose in its financial statements uncertain tax positions that the Company has taken or expects to take on its tax return. ASC 740-10 requires that the financial statements reflect expected future tax consequences of such positions presuming the taxing authorities' full knowledge of the position and all relevant facts, but without considering time values. As of August 31, 2017, the Company has not commenced operations and thus has no uncertain tax positions.

Redeemable Common Stock:

As discussed in Note 3, all common shares sold as part of a Unit in the Public Offering contain a redemption feature which allows for the redemption of common shares under the Company's Liquidation or Tender offer/stockholder/approval provisions. In accordance with FASB ASC 480, redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity. Ordinary liquidation events, which involve the redemption and liquidation of all of an entity's equity instruments, are excluded from the provisions of FASB ASC 480. Although the Company did not specify a maximum redemption threshold, its charter provides that in no event will it redeem its Public Shares in an amount that would cause its net tangible assets (shareholders' equity) to be less than \$5,000,001.

Stellar Acquisition III Inc.
Notes to Condensed Interim Financial Statements
(unaudited)

The Company recognizes changes in redemption value immediately as they occur and will adjust the carrying value of the security to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock shall be affected by charges against additional paid-in capital.

Accordingly, at August 31, 2017 and November 30, 2016, 6,231,961 and 6,293,168, respectively of the 6,900,610 Public Shares were classified outside of permanent equity at their redemption value.

Recent Accounting Pronouncements:

Management does not believe there are any recently issued, but not yet effective, accounting pronouncements, that if currently adopted, would have a material effect on the Company's financial statements.

NOTE 3 — PUBLIC OFFERING

On August 24, 2016, the Company closed the Public Offering for the sale of 6,500,000 units at a price of \$10.00 per unit (the "Units"). Each Unit consists of one share of the Company's common stock, \$0.0001 par value (the "Public Shares") and one redeemable common stock purchase warrant (the "Warrants"). Under the terms of a warrant agreement, the Company has agreed to use its best efforts to file a new registration statement under the Securities Act to register the shares of common stock underlying the Warrants, following the completion of the Business Combination. Each Warrant entitles the holder to purchase one share of common stock at a price of \$11.50. No fractional shares will be issued upon exercise of the Warrants. If, upon exercise of the Warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round down to the nearest whole number the number of shares of common stock to be issued to the Warrant holder. Each Warrant will become exercisable on the later of 30 days after the completion of the Business Combination or 12 months from the closing of the Public Offering and will expire five years after the completion of the Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete its initial Business Combination on or prior to the applicable time period to complete the Business Combination, the Warrants will expire at the end of such period. If the Company is unable to deliver registered shares of common stock to the holder upon exercise of Warrants issued in connection with the Company's public Units during the exercise period, there will be no net cash settlement of these Warrants and the Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the warrant agreement. Once the Warrants become exercisable, the Company may redeem the outstanding Warrants in whole and not in part at a price of \$0.01 per Warrant upon a minimum of 30 days' prior written notice of redemption, only in the event that the last sale price of the Company's shares of common stock equals or exceeds \$21.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Warrant holders.

The Company granted the underwriters an overallotment option to purchase an additional 975,000 Units at \$10.00 for 45 days following the closing of the Public Offering. Following the partial exercise of the underwriters' overallotment option on September 28, 2016, the Company sold an additional 400,610 Units at a price of \$10.00 per unit generating additional gross proceeds of \$4,006,100. The Company paid an underwriting fee of \$1,300,000, equal to a 2.00% underwriting discount on the per Unit offering price to the underwriters, based on a sale of 6,500,000 Units, at the closing of the Public Offering and \$80,122 based on a sale of 400,610 Units, following the partial exercise of the underwriters' overallotment option on September 28, 2016. The Company will pay an additional fee (the "Deferred Discount") of 2.5% of the gross offering proceeds payable to underwriters, reduced pro rata for any share redemptions, upon the Company's completion of a Business Combination. The Deferred Discount will become payable to the underwriters from the amounts held in the Trust Account solely in the event the Company completes its initial Business Combination.

The Company issued the underwriters, as additional compensation for the Public Offering, 100,000 shares at the close of the Public Offering. Following the partial exercise of the underwriters' overallotment option on September 28, 2016, the Company issued the underwriters, as additional compensation for the Public Offering, another 6,164 shares. The Company accounted for the fair value of these shares, as an expense of the Public Offering resulting in a charge directly to shareholders' equity. The shares were issued at an estimated fair value of \$1,061,640.

NOTE 4 — RELATED PARTY TRANSACTIONS

Founder Shares

The Company's initial shareholders currently own 2,003,403 shares of common stock, following the partial exercise of the underwriters' over-allotment option on September 28, 2016. In January 2016, 2,300,000 shares were initially purchased by Messrs. Tsirigakis and Syllantavos for an aggregate of \$25,000, up to 300,000 of which were subject to forfeiture. In January 2016, Messrs. Tsirigakis and Syllantavos collectively transferred an aggregate of 2,099,900 shares to the Sponsors and an aggregate of 34,500 shares to the Company's director nominees. In addition, in January 2016, Messrs. Tsirigakis and Syllantavos collectively transferred an aggregate of 165,600 shares to the Company's other initial shareholders. In August 2016, the Sponsors returned to the Company, at no cost, an aggregate of 129,839 founder shares, which the Company cancelled, leaving an aggregate of 2,170,161 founder shares outstanding. Following the partial exercise of the underwriters' over-allotment option on September 28, 2016, the Sponsors returned to the Company, at no cost, an aggregate of 166,758 founder shares, which the Company cancelled, leaving an aggregate of 2,003,403 founder shares outstanding. The founder shares are identical to the common stock included in the Units sold in the Public Offering except that the founder shares are subject to certain transfer restrictions, as described in more detail below. Our initial shareholders currently own 22.2% of the Company's issued and outstanding shares of common stock.

The Company's initial shareholders have agreed not to transfer, assign or sell any of their founder shares until the earlier of (A) one year after the completion of the Business Combination, or earlier if, subsequent to the Business Combination, the last sale price of the Company's common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the Business Combination or (B) the date on which the Company completes a liquidation, merger, stock exchange or other similar transaction after the initial Business Combination that results in all of the Company's shareholders having the right to exchange their shares of common stock for cash, securities or other property.

Private Placement Warrants

Upon the closing of the Public Offering on August 24, 2016, the Sponsors paid the Company \$3,825,000 in a private placement for the purchase of an aggregate of 7,650,000 Warrants at a price of \$0.50 per Warrant (the "Private Placement Warrants"). Following the partial exercise of the underwriters' over-allotment option on September 28, 2016, the Sponsors purchased 320,488 additional Private Placement Warrants for an aggregate price of \$160,244. Each Private Placement Warrant entitles the holder to purchase one share of common stock at \$11.50 per share. The proceeds from the sale of the Private Placement Warrants have been added to the proceeds from the Public Offering held in the Trust Account pending completion of the Business Combination. The Private Placement Warrants (including the common stock issuable upon exercise of the Private Placement Warrants) will not be transferable, assignable or salable until 30 days after the completion of the initial Business Combination and they will be non-redeemable so long as they are held by the Sponsors or their permitted transferees. If the Private Placement Warrants are held by someone other than the Sponsors or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Warrants included in the Units being sold in the Public Offering. Otherwise, the Private Placement Warrants have terms and provisions that are identical to those of the Warrants sold as part of the Units in the Public Offering and have no net cash settlement provisions.

Stellar Acquisition III Inc.
Notes to Condensed Interim Financial Statements
(unaudited)

If the Company does not complete a Business Combination, then the proceeds will be part of the liquidating distribution to the public shareholders and the Warrants issued to the Sponsors will expire worthless.

Registration Rights

The Company's initial shareholders and holders of the Private Placement Warrants are entitled to registration rights pursuant to a registration rights agreement executed on August 18, 2016. The Company's initial shareholders and holders of the Private Placement Warrants are entitled to make up to three demands, excluding short form registration demands, that the Company register such securities for sale under the Securities Act. In addition, these holders have "piggy-back" registration rights to include their securities in other registration statements filed by the Company. The Company will bear the expenses incurred in connection with the filing of any such registration statements. There are no penalties associated with delays in registering the securities under the registration rights agreement.

Related Party Loans

As of January 15, 2016, three of the Company's Sponsors, Firmus Investments Inc., Astra Maritime, Inc. and Magellan Investments Corp., have agreed to loan the Company an aggregate of \$250,000 against the issuance of an unsecured promissory note (the "Note") to cover expenses related to the Public Offering. Between January and August 2016, the Company borrowed approximately \$207,985 under this loan from the three Sponsors. These loans were non-interest bearing and were paid in full on August 24, 2016. Additionally, between January and August 2016, Nautilus Energy Management Corp., an affiliate of our co-Chief Executive Officers paid for certain expenses related to the Company's roadshow and offering amounting to \$42,550. Nautilus Energy Management Corp. was reimbursed for these expenses in full on August 24, 2016.

As of August 31, 2017, the outstanding loans to related parties amounted to \$303,300.

On August 23, 2017 the Company issued unsecured promissory notes (the "First Extension Notes") in the aggregate amount of \$303,300 to three of the Company's Sponsors, Firmus Investments Inc., Astra Maritime, Inc. and Magellan Investments Corp., affiliates of our co-CEOs, Mr. Prokopios (Akis) Tsirigakis, and of Mr. George Syllantavos.

The Sponsors deposited into the Company's trust account (the "Trust Account") an aggregate of \$303,300 and the Company instructed the trust agent to apply toward the principal held in the Trust Account \$99,236 of interest earned on the funds in the Trust Account available for withdrawal, representing an aggregate of \$402,536, or \$0.058 per public share, as described in the prospectus filed by the Company in connection with the Company's initial public offering. As a result, the period of time the Company has to consummate a business combination has been extended by three months to November 23, 2017.

The First Extension Notes bear no interest and are repayable in full upon consummation of the Company's initial business combination. The Sponsors have the option to convert any unpaid balance of the Notes into warrants exercisable for shares of the Company's common stock, based on a conversion price of \$0.50 per warrant. The terms of any such warrants shall be identical to the terms of the warrants issued pursuant to the private placement that was consummated by the Company in connection with the Company's initial public offering.

Administrative Service Agreement and Services Agreement

The Company has agreed to pay \$10,000 a month for office space, administrative services and secretarial support to Nautilus Energy Management Corp., an affiliate of our co-Chief Executive Officers. Services commenced on the date the securities were first listed on the NASDAQ Capital Market on August 19, 2016 and will terminate upon the earlier of the consummation by the Company of an initial Business Combination or the liquidation of the Company. For the period from December 5, 2015 (inception) through August 31, 2017, the Company paid \$124,194 under this agreement, \$30,000 of which was for the three months ended August 31, 2017. For the nine months ended August 31, 2017 the Company paid \$90,000 under this agreement.

Stellar Acquisition III Inc.
Notes to Condensed Interim Financial Statements
(unaudited)

NOTE 5 — COMMITMENTS AND CONTINGENCIES

The Company paid an underwriting fee of \$1,300,000, equal to a 2.00% underwriting discount on the per Unit offering price to the underwriters, based on a sale of 6,500,000 Units, at the closing of the Public Offering. Following the partial exercise of the underwriters' overallotment option on September 28, 2016, the Company paid an additional underwriting fee of \$80,122. The Company will pay an additional fee (the "Deferred Discount") of 2.5% of the gross offering proceeds payable to underwriters, reduced pro rata for any share redemptions, upon the Company's completion of a Business Combination. The Deferred Discount will become payable to the underwriters from the amounts held in the Trust Account solely in the event the Company completes its initial Business Combination.

The Company sold to the underwriters for \$100, an option to purchase up to a total of 130,000 units, exercisable at \$11.50 per unit (or an aggregate exercise price of \$1,495,000) upon the closing of the Public Offering. The purchase option may be exercised for cash or on a cashless basis, at the holder's option, at any time during the period commencing on the later of the first anniversary of the effective date of the Registration Statement and the closing of our initial Business Combination and terminating on the fifth anniversary of such effectiveness date. The units issuable upon exercise of this option are identical to those offered in the Public Offering. The Company accounted for the fair value of the unit purchase option, net of the receipt of the \$100 cash payment, as an expense of the Public Offering resulting in a charge directly to shareholders' equity. The Company estimates the fair value of this unit purchase option is \$6.01 per unit (for a total fair value of approximately \$781,000) using a Black-Scholes option-pricing model. The fair value of the unit purchase option granted to the underwriter is estimated as of the date of grant using the following assumptions: (1) expected volatility of 37.8% (2) risk-free interest rate of 1.83% and (3) expected life of 5 years. Because the Company's units do not have a trading history, the volatility assumption is based on information currently available to management. The volatility assumption was calculated using the average volatility of stock prices of a selection of companies within the energy logistics space, which are representative of the sectors on which the company intends to focus for the initial business transaction, including: Arc Logistics Partners LP, Ardmore Shipping Corporation, Blueknight Energy Partners, L.P., Buckeye Partners, L.P., Cheniere Energy, Inc., DHT Holdings, Inc., Dorian LPG Ltd., EnLink Midstream, LLC, GasLog Ltd., Genesis Energy LP, Golar LNG Ltd., Kinder Morgan, Inc., Magellan Midstream Partners LP, Navigator Holdings Ltd., Nordic American Tankers Limited, NuStar GP Holdings, LLC, ONEOK Inc., PBF Logistics LP, Scorpio Tankers Inc., StealthGas, Inc., Teekay Tankers Ltd., Tsakos Energy Navigation Limited. The Company believes that the volatility estimate is a reasonable benchmark to use in estimating the expected volatility of the units. Although an expected life of five years was used in the calculation, if the Company does not consummate a Business Combination within the prescribed time period and it liquidates, the option will become worthless. The unit purchase option may be exercised for cash or on a "cashless" basis, at the holder's option, such that the holder may use the appreciated value of the unit purchase option (the difference between the exercise prices of the unit purchase option and the underlying Warrants and the market price of the Units and underlying ordinary shares) to exercise the unit purchase option without the payment of cash.

The Company issued the underwriters, as additional compensation for the Public Offering, 100,000 shares at the close of the Public Offering. Following the partial exercise of the underwriters' overallotment option on September 28, 2016, the Company issued the underwriters, as additional compensation for the Public Offering, another 6,164 shares. The Company accounted for the fair value of these shares, as an expense of the Public Offering resulting in a charge directly to shareholders' equity. The shares were issued at an estimated fair value of \$1,061,640.

NOTE 6 — TRUST ACCOUNT AND FAIR VALUE MEASUREMENTS

As of November 30, 2016, investment securities in the Company Trust Account consisted of \$70,436,078 in United States Treasury Bills and another \$939 held as cash and cash equivalents. As of August 31, 2017, investment securities in the Company Trust Account consisted of \$70,833,266 in United States Treasury Bills and another \$1,415 held as cash and cash equivalents. The Company classifies its Treasury Instruments and equivalent securities as held-to-maturity in accordance with FASB ASC 320 "Investments - Debt and Equity Securities". Held-to-maturity securities are those securities which the Company has the ability and intent to hold until maturity. Held-to-maturity treasury securities are recorded at amortized cost on the accompanying August 31, 2017 and November 30, 2016 balance sheet and adjusted for amortization or accretion of premiums or discounts. The following table presents information about the Company's assets that are measured at fair value on a recurring basis as of August 31, 2017 and November 30, 2016 and indicates the fair value hierarchy of the valuation techniques the Company utilized to determine such fair value. In addition, the table presents the carrying value under ASC 320, excluding accrued interest income and gross unrealized holding gain. Since all of the Company's permitted investments consist of U.S. government treasury bills and cash, fair values of its investments are determined by Level 1 inputs utilizing quoted prices (unadjusted) in active markets for identical assets as follows:

	Carrying Value	Gross Unrealized Holding Gains/(Losses)	Quoted prices in Active Markets (Level 1)
U.S. Government Treasury Securities as of August 31, 2017 (maturing on October 12, 2017)	\$ 70,833,266	\$ (4,044)	\$ 70,829,222
U.S. Government Treasury Securities as of November 30, 2016	\$ 70,441,927	\$ (5,849)	\$ 70,436,078

NOTE 7 — STOCKHOLDERS' EQUITY

Common Stock

The authorized common stock of the Company includes up to 200,000,000 shares. Holders of the Company's common stock are entitled to one vote for each share of common stock. At August 31, 2017, and November 30, 2016, there were 9,010,177 shares of common stock issued and outstanding, including 6,231,961 and 6,293,168 shares subject to redemption, respectively.

Preferred Stock

The Company is authorized to issue 10,000,000 shares of preferred stock with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors. At August 31, 2017 and November 30, 2016, there were no shares of preferred stock issued and outstanding.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

References to the "Company," "us" or "we" refer to Stellar Acquisition III Inc. The following discussion and analysis of the Company's financial condition and results of operations should be read in conjunction with the financial statements and the notes thereto contained elsewhere in this report.

Special Note Regarding Forward-Looking Statements

All statements other than statements of historical fact included in this Form 10-Q including, without limitation, statements under "Management's Discussion and Analysis of Financial Condition and Results of Operations" regarding the Company's financial position, business strategy and the plans and objectives of management for future operations, are forward-looking statements. When used in this Form 10-Q, words such as "anticipate," "believe," "estimate," "expect," "intend" and similar expressions, as they relate to us or the Company's management, identify forward-looking statements. Such forward-looking statements are based on the beliefs of management, as well as assumptions made by, and information currently available to, the Company's management. Actual results could differ materially from those contemplated by the forward-looking statements as a result of certain factors detailed in our filings with the SEC.

Overview

We are a blank check company incorporated pursuant to the laws of the Republic of the Marshall Islands on December 8, 2015 for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar Business Combination with one or more businesses. We intend to effectuate our Business Combination using cash from the proceeds of a public offering (the "Public Offering") and a sale of Warrants in a private placement that occurred simultaneously with the completion of the Public Offering (the "Private Placement Warrants"), our capital stock, debt or a combination of cash, stock and debt.

The issuance of additional shares of our stock in a Business Combination:

- may significantly dilute the equity interest of our stockholders;
- may subordinate the rights of holders of common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change of control if a substantial number of shares of our common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the stock ownership or voting rights of a person seeking to obtain control of us; and
- may decrease prevailing market prices for our common stock and/or Warrants.

Similarly, if we issue debt securities, it could result in:

- a decrease in the prevailing market prices for our common stock and/or Warrants.
- default and foreclosure on our assets if our operating revenues after an initial Business Combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our common stock;

- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

As indicated in the accompanying financial statements, at August 31, 2017, the Trust Account consisted of US treasury bills yielding interest of approximately 1.0% per annum, with a total value of \$70,833,266 and another \$1,415 held as cash and cash equivalents.. We expect to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to complete our initial Business Combination will be successful.

Results of Operations

For the period from December 8, 2015 (inception) through August 31, 2017, our activities consisted of formation and preparation for the Public Offering and subsequent to the Public Offering, and efforts directed toward locating and completing a suitable Business Combination. Our operating costs for those periods include our search for a Business Combination and are largely associated with our governance and public reporting, and charges of \$10,000 per month payable to an affiliate of our Sponsor for administrative services.

Liquidity and Capital Resources

In August 2016, we consummated the Public Offering of an aggregate of 6,500,000 units at a price of \$10.00 per unit generating gross proceeds of approximately \$65,000,000 before underwriting discounts and expenses. Simultaneously with the consummation of the Public Offering, we consummated the private placement of 7,650,000 Private Placement Warrants, each exercisable to purchase one share of our common stock at \$11.50 per share, to the Sponsor, at a price of \$0.50 per Private Placement Warrant, generating gross proceeds, before expenses, of approximately \$ 3,825,000. We received net proceeds from the Public Offering and the sale of the Private Placement Warrants of approximately \$66,906,000, net of the non-deferred portion of the underwriting commissions of \$1,300,000 and offering costs and other expenses of approximately \$619,000. Following the partial exercise of the underwriters' over-allotment option on September 28, 2016, the Company sold an additional 400,610 units at a price of \$10.00 per unit generating gross proceeds of approximately \$4,006,100 before underwriting discounts and expenses. Simultaneously, the Sponsor purchased an additional 320,488 Private Placement Warrants at a price of \$0.50 per Private Placement Warrant, generating gross proceeds, of approximately \$160,244. The non-deferred portion of the underwriting commissions paid by the Company amounted to \$80,122, while the Company incurred additional expenses related to the partial exercise of the over-allotment option of \$11,709. Of the aforementioned proceeds, \$70,386,222 was deposited in the Trust Account and is not available to us for operations (except amounts designated for working capital and amounts to pay taxes and working capital). At August 31, 2017, we had approximately \$211,105 of cash available outside of the Trust Account to fund our activities to search for a Business Combination.

Until the consummation of the Public Offering, the Company's only sources of liquidity were an initial purchase of shares of our common stock ("Founder Shares") for \$25,000 by Messrs. Tsirigakis and Syllantavos, and a total of approximately \$208,000 loaned by three of the Company's Sponsors, Firmus Investments Inc., Astra Maritime, Inc. and Magellan Investments Corp. against the issuance of an unsecured promissory note (the "Note"). These loans were non-interest bearing and were paid in full on August 24, 2016 in connection with the closing of the Public Offering.

On August 23, 2017 the Company issued unsecured promissory notes (the "First Extension Notes") in the aggregate amount of \$303,300 to affiliates of our co-CEOs, Mr. Prokopios (Akis) Tsirigakis, and of Mr. George Syllantavos. These funds were used to extend the period of time the Company has to consummate a business combination by three months to November 23, 2017.

The First Extension Notes bear no interest and are repayable in full upon consummation of the Company's initial business combination. The Sponsors have the option to convert any unpaid balance of the Notes into warrants exercisable for shares of the Company's common stock, based on a conversion price of \$0.50 per warrant. The terms of any such warrants shall be identical to the terms of the warrants issued pursuant to the private placement that was consummated by the Company in connection with the Company's initial public offering.

Off-balance sheet financing arrangements

We have no obligations, assets or liabilities which would be considered off-balance sheet arrangements. We do not participate in transactions that create relationships with unconsolidated entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements.

We have not entered into any off-balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or entered into any non-financial assets.

Contractual obligations

At August 31, 2017, we did not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities. The Company has agreed to pay \$10,000 a month for office space, administrative services and secretarial support to Nautilus Energy Management Corp., an affiliate of our co-Chief Executive Officers. Services commenced on the date the securities were first listed on the NASDAQ Capital Market on August 19, 2016 and will terminate upon the earlier of the consummation by the Company of an initial Business Combination or the liquidation of the Company.

Critical Accounting Policies

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and income and expenses during the periods reported. Actual results could materially differ from those estimates. The Company has identified the following as its critical accounting policies:

Emerging Growth Company

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

Loss Per Common Share

Net loss per common share is computed by dividing net loss applicable to common stockholders by the weighted average number of shares of common stock outstanding during the period, plus to the extent dilutive the incremental number of shares of common stock to settle Warrants, as calculated using the treasury stock method. At August 31, 2017, the Company had outstanding Warrants to purchase 14,871,098 shares of common stock. For all periods presented, these shares were excluded from the calculation of diluted loss per share of common stock because their inclusion would have been anti-dilutive. As a result, diluted loss per common share is the same as basic loss per common share for the period.

Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under FASB ASC 820, "Fair Value Measurements and Disclosures," approximates the carrying amounts represented in the accompanying balance sheets.

Income Taxes

There is, at present, no direct taxation in the Marshall Islands and interest, dividends, and gains payable to the Company are received free of all Marshall Islands taxes. The Company is registered as an "exempted company" pursuant to the Marshall Islands Business Corporations Act (as amended). As the Company proceeds with making investments in various jurisdictions, tax considerations outside the Marshall Islands may arise. Although the Company intends to pursue tax-efficient investments, it may be subject to income tax, withholding tax, capital gains tax, and other taxes imposed by tax authorities in other jurisdictions. For U.S. tax purposes, the Company expects to be treated as a passive foreign investment company by its U.S. shareholders. The Company does not expect to be subject to direct taxation based on net income in the U.S. as long as it maintains its non-U.S. trade or business status. The Company does not expect to invest in any U.S. obligation that will be subject to U.S. withholding taxes.

The Company follows the provisions of ASC 740-10 which prescribes a recognition threshold and measurement attribute for how a company should recognize, measure, present and disclose in its financial statements uncertain tax positions that the Company has taken or expects to take on its tax return. ASC 740-10 requires that the financial statements reflect expected future tax consequences of such positions presuming the taxing authorities' full knowledge of the position and all relevant facts, but without considering time values. As of August 31, 2017, the Company has not commenced operations and thus has no uncertain tax positions.

Redeemable common stock

All of the 6,900,610 shares of common stock sold as part of the Units in the Public Offering contain a redemption feature which allows for the redemption of such common stock under the Company's liquidation or tender offer/stockholder approval provisions. In accordance with ASC 480, redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity. Ordinary liquidation events, which involve the redemption and liquidation of all of the entity's equity instruments, are excluded from the provisions of ASC 480. Although the Company does not specify a maximum redemption threshold, its amended and restated certificate of incorporation provides that in no event will the Company redeem its Public Shares in an amount that would cause its net tangible assets (stockholders' equity) to be less than \$5,000,001.

The Company recognizes changes in redemption value immediately as they occur and adjusts the carrying value of the security to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable common stock are affected by charges against additional paid-in capital.

At August 31, 2017, 6,231,961 of the 6,900,610 Public Shares were classified outside of permanent equity at redemption value of approximately \$10.26 per share.

Recent Accounting Pronouncements

Management does not believe that there are any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The net proceeds of our initial public offering and the sale of the private placement warrants held in the trust account are invested in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our co-Chief Executive Officers (together, the "Certifying Officers"), we carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on the foregoing, our Certifying Officers concluded that our disclosure controls and procedures were effective as of the end of the period covered by this Report.

Disclosure controls and procedures are controls and other procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is accumulated and communicated to management, including our Certifying Officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure.

Management's Report on Internal Controls Over Financial Reporting

This Report does not include a report of management's assessment regarding internal control over financial reporting or an attestation report of our registered public accounting firm due to a transition period established by the rules of the Commission for newly public companies.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

None.

ITEM 1A. RISK FACTORS

As of the date of this Report, there have been no material changes to the risk factors disclosed in our Annual Report on Form 10-K for the year ended November 30, 2016 filed with the SEC on February 14, 2017. Any of these factors could result in a significant or material adverse effect on our results of operations or financial condition. Additional risk factors not presently known to us or that we currently deem immaterial may also impair our business or results of operations. We may disclose changes to such factors or disclose additional factors from time to time in our future filings with the SEC.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

None.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

CERTIFICATION
PURSUANT TO RULE 13a-14 AND 15d-14
UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED

I, Prokopios (Akis) Tsirigakis, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Stellar Acquisition III Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) (Paragraph omitted pursuant to SEC Release Nos. 33-8238/34-47986 and 33-8392/34-49313)
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Stellar Acquisition III Inc. (the "Company") on Form 10-Q for the period ended August 31, 2017 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), the undersigned, in the capacities and on the dates indicated below, hereby certifies pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

1. The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
2. The information contained in the Report fairly presents, in all material respects, the financial condition and results of operation of the Company.
